Inclusion of CTI on EQAR

Dear Mr Remaud,

The Register Committee has considered your application of 6/7/2010 for inclusion on the European Quality Assurance Register (EQAR), based on the external review report dated April 2009 and additional clarification provided by CTI on 11/10/2010.

Based on a thorough analysis of your application the Register Committee has come to the conclusion that it adheres to the Procedures for Applications and that CTI operates in substantial compliance with the Standards and Guidelines for Quality Assurance in the European Higher Education Area (ESG).

Your application for inclusion on the EQAR has therefore been approved. Inclusion shall be valid until 30/04/2014ⁱ.

The Register Committee has flagged the following issues for special attention when, in the future, it considers a (potential) application for renewal of your inclusion on EQAR:

1. Fitness for purpose of quality assurance processes (ESG 2.4)

The fitness for purpose of the quality assurance processes conducted by CTI should be specifically addressed in a future external review.

2. Publication of full reports (ESG 2.5)

The full implementation and effectiveness of CTI's recently adopted policy to publish full reports should be addressed.
