Re-Authorization to award the EUR-ACE[®] Label

Dear Mr. Mahieu,

It is my pleasure to forwarding to you herewith the **re-authorization decision** of the ENAE Administrative Council (AC) as follows:

The Commission des Titres d'Ingénieur (CTI) is granted the authority to award the EUR-ACE Labels to the following accredited programmes: Engineering Programmes at Master level from June 2015 until 31st of December 2019, with the following recommendations:

Recommendations to CTI

The Review Team also concludes that it should be reported to the Commission des Titres d'Ingénieur (CTI) that their procedures would be enhanced by the following actions:

- *Put more emphasis in the RetO, the self-evaluation report and the audits on the achievement of CTI programme outcomes. Require from the HEIs the provision of additional evidence that a programme and learning outcome assessment related to the programme objectives and CTI required outcomes is in place.*
- *Provide more time in the agenda of the audit visits to analyze and assess the programmes and the factual contribution of the different modules to the achievement of programme outcomes in more detail, e.g. by limiting the time for presentations.*
- *Continue to carefully monitor the programmes in apprenticeship mode: Require from the HEIs the provision of evidence that with these programmes the same or at least substantially equivalent learning outcomes in content and level are achieved as with the traditional format.*

...

All authorizations are subject to the agency not modifying substantially its accreditation standards and procedure. The agency is requested to inform ENAAEE of such changes as well as of important changes in the institutional context in which it is operating.

Attached to this letter is a copy of the EUR-ACE **Label Committee (LC) Report** as well as the **Certificate** Template for programmes that have received the EUR-ACE label, to complete by the Authorized Agency and send to the respective universities for the each label awarded.

Best regards,

Prof. Dr. Bernard REMAUD
ENAAEE President
